

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

Event, Date and Venue	Topics	Contact for details
EFY Expo Pune May 16-18, 2024 Auto Cluster Exhibition Centre, Pune	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). Covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	Website: https://www.efyexpo.com/PUNE/
Integrated Electronics Manufacturing And Interconnections 2024 (IEMI) July 29-30, 2024 Bengaluru	Themes: Advanced semiconductor packaging and aerospace and defence electronics. A networking platform for procurement and quality heads of OEMs, EMS, and semiconductor suppliers. Features top officials from government-owned defence, aerospace, and multinational corporations.	Website: https://www.ipc.org/ipc-india/iemi-2024-bangalore
EFY Expo Delhi-NCR August 2024 New Delhi	Major tech conference focusing on electronics, IoT, and AI. Simplifies new product development and manufacturing challenges in India. Offers assistance from leading suppliers, even for small batch productions.	Website: https://www.efyexpo.com/delhi-ncr/
19th Everything About Water Expo 2024 September 10-12, 2024 IICC, New Delhi	South Asia's largest water and wastewater event showcasing the latest technologies and solutions in water and waste management, endorsed by the Ministry of Jalshakti in India.	Website: https://www.eawaterexpo.com
Open Source India 2024 October 23-24, 2024 Bengaluru	Open Source For You magazine, in partnership with India's open source community and industry, brings various stakeholders under one roof to accelerate development and deployment of open source in India, and beyond.	Website: https://www.opensourceindia.in
India Electronics Week February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	India's No. 1 event for creators of smart electronics solutions to discover latest techniques, best practices and technologies for developing electronics better, cheaper and faster, and meet service providers, suppliers and partners who can enable growth of your business.	Website: www.indiaelectronicsweek.com

Dixon, Samsung, and iPhone makers to receive ₹44 billion Indian Smartphone PLI

Dixon Technologies, Apple's Indian contract manufacturers (Foxconn, Wistron, and Pegatron), and Samsung will receive ₹44 billion incentives for FY23 under India's Smartphone Production-Linked Incentive (PLI) scheme. Due to some companies not meeting their production targets, the planned outlay of ₹65.04 billion for FY24 will not be fully utilised. Companies must invest at least ₹2.5 billion in the first year and maintain similar investments over the following three years to be eligible for benefits.

New scheme to subsidise e2Ws, e3Ws post FAME II expiry

The Ministry of Heavy Industries has launched the Electric Mobility Promotion Scheme 2024 with a budget of ₹5 billion to continue subsidies for electric two- and three-wheelers from April 1 to July 31, 2024. Electric two-wheelers will receive ₹5000 per kWh, up to ₹10,000 per vehicle (₹25,000 for rickshaws and carts). L5 electric

three-wheelers will also receive ₹5000 per kWh, with a maximum subsidy of ₹50,000 per vehicle. The scheme aims to support around 372,000 electric vehicles.

UP approves Green Hydrogen Policy, ₹50.45 billion incentives introduced

The Uttar Pradesh government has approved a green hydrogen policy with the aim of producing one million metric tonnes of green hydrogen per year by 2028. The government is offering incentives and subsidies worth ₹50.45 billion for businesses setting up operations within the next five years. These incentives include capital expenditure subsidies, a 100% rebate on intrastate electricity charges, exemptions on transmission charges for interstate transactions, and a complete waiver of electricity duty.

Union Cabinet approves ₹103.71 billion India Artificial Intelligence Mission

The Union Cabinet has approved the India Artificial Intelligence Mission with a budget of ₹103.71 billion for the next five years. The mission aims

to create a computing infrastructure in public-private partnerships, providing 10,000 GPUs to startups and a marketplace for AI compute as a service. It will provide financing to AI startups, develop tools for safe and trusted AI, establish innovation centres, promote AI applications in critical sectors, and provide AI training under the Skill Development Kaushal Vikas Yojana. A unified data platform, India AI, is proposed for making non-personal data available to India's startups and researchers.

Qualcomm doubles investment in India, plans to invest a billion dollars

Qualcomm is significantly increasing its investments in India, aiming to outpace rivals AMD and Micron, with plans to spend over US\$1 billion this year. The company is discussing collaborations with chip manufacturers and companies like Tata Group and HCL under the government's semiconductor incentive scheme. It aims to develop new fabrication capabilities and ensure price competitiveness. The company is aggressively hiring in India and diversifying its focus to automotive, PCs, AI, and IoT, with a particular interest in hybrid AI, on-device AI, and the potential of the Metaverse and XR.

Tata Group on partnership lookout for Dholera plant, could be UMC or PSMC

The Tata Group is exploring partnerships with either Powerchip Semiconductor Manufacturing Corporation (PSMC) or UMC Group, two major Taiwanese chipmakers, for its planned chip fabrication plant in Dholera, Gujarat. The plant aims to start with manufacturing 65nm mature nodes, progressing to 48nm and then 28nm, with an initial capacity of 25,000 wafers per month.

ASIP and South Korean semicon company to invest in Hyderabad unit

The ASIP OSAT/ATMP Project, a joint venture with a Korean partner, plans to invest ₹8.9 billion in establishing a semiconductor facility in Hyderabad. The facility, located at the Electron-
