

ZEISS offers a wide range of solutions

for Quality in

Electronics Manufacturing

For Industry

- Automotive Electronics
- Consumer Electronics
- Wearable Devices
- Telecommunication
- Mobile Devices

Application Covered

- Surface Characterization
- Particle & Failure Analysis
- 2D Measurement
- 3D & X-Ray Imaging
- Visual Inspection

Solutions Available

- Coordinate Measuring Machine
- Electron Microscopes
- X-Ray Microscopy
- Optical Measuring Machine
- 3D scanner
