

“We Have Removed Traditional Classroom-Based Teaching And Transitioned To Experiential Learning”

ALEX P. JAMES
DEAN EXTERNAL LINKAGES
AND PROJECTS,
DIGITAL UNIVERSITY KERALA

For India to become a design powerhouse, it must focus on developing Indian-owned companies that can sell their IPs and products globally, not just locally. Speaking with EFY's Yashasvini Razdan, Digital University Kerala's Alex P. James outlines how DUK has established independent centres of excellence to support startups in the electronic design space.
