

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

Event, Date and Venue	Topics	Contact for details
India Electronics Week January 31 - February 2, 2024 KTPO, Whitefield Bengaluru	India's No. 1 event for creators of smart electronics solutions to discover latest techniques, best practices and technologies for developing electronics better, cheaper and faster, and meet service providers, suppliers and partners who can enable growth of your business.	Website: www.indiaelectronicsweek.com
IoTShow.in 2024 January 31 - February 2, 2024 KTPO, Whitefield Bengaluru	The conferences and hands-on workshops, cutting-edge talks and trainings by industry stalwarts and thought leaders will help build the skills you need to get ahead in the field.	Website: https://www.iiotshow.in
EFY Expo Pune May 16-18, 2024 Auto Cluster Exhibition Centre, Pune	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). Covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	Website: https://www.efyexpo.com/PUNE/
Integrated Electronics Manufacturing And Interconnections 2024 (IEMI) July 29-30, 2024 Bengaluru	Themes: Advanced semiconductor packaging and aerospace and defence electronics. A networking platform for procurement and quality heads of OEMs, EMS, and semiconductor suppliers. Features top officials from government-owned defence, aerospace, and multinational corporations.	Website: https://www.ipc.org/ipc-india/iemi-2024-bangalore
EFY Expo Delhi-NCR August 2024 New Delhi	Major tech conference focusing on electronics, IoT, and AI. Simplifies new product development and manufacturing challenges in India. Offers assistance from leading suppliers, even for small batch productions.	Website: https://www.efyexpo.com/delhi-ncr/
19th Everything About Water Expo 2024 September 10-12, 2024 IICC, New Delhi	South Asia's largest water and wastewater event showcasing the latest technologies and solutions in water and waste management, endorsed by the Ministry of Jalshakti in India.	Website: https://www.eawaterexpo.com
Open Source India 2024 October 23-24, 2024 Bengaluru	Open Source For You magazine, in partnership with India's open source community and industry, brings various stakeholders under one roof to accelerate development and deployment of open source in India, and beyond. Government announces extension of PLI scheme for automobiles

The government has extended the duration of the Production-Linked Incentive (PLI) scheme for the automobile and auto components sector by one year, now concluding on March 31, 2028. With a budget of ₹259.38 billion, this scheme aims to boost domestic production of advanced automotive technology products and foster investments within the automotive manufacturing value chain.

Infosys to acquire semiconductor design firm InSemi

Infosys is set to acquire InSemi, a semiconductor company, for ₹2.8 billion, intending to fortify its engineering R&D capabilities and expedite its chip-to-cloud strategy. This move aligns with the semiconductor industry's broader trend, driven by advancements in AI, smart devices, and 5G technology.

Vietnamese EV maker VinFast investing in Tamil Nadu EV plant

VinFast, Vietnam's premier EV manufacturer, in collaboration with the government of Tamil Nadu, India, has announced a partnership to invest \$2 billion in India for vehicle manufacturing and export. The initial phase involves a \$500 million investment over five years. The integrated EV plant in Thoothukudi, Tamil Nadu, is set to commence construction this year, with a projected annual production capacity of up to 150,000 EVs.

KABIL secures \$24 million lithium exploration deal in Argentina

India's government controlled Khanij Bidesh India Ltd (KABIL) has secured a lithium exploration agreement in Argentina, with an initiative aimed at augmenting its lithium reserves and promoting the develop-

ment of lithium mining and downstream sectors. The federal Ministry of Mines disclosed that the agreement is worth 2 billion rupees (about \$24 million), granting KABIL exclusive rights for exploration and development in five Argentine blocks.

DST, Gujarat partners with SkyDrive for eVTOL ecosystem

The Department of Science and Technology (DST) in Gujarat, India, has partnered with SkyDrive Inc., a Japanese electric Vertical Takeoff and Landing (eVTOL) aircraft manufacturer, to develop the necessary ecosystem for the social implementation of eVTOL aircraft in Gujarat. This includes advancing the advanced air mobility ecosystem and conducting feasibility studies for new eVTOL-related business ventures in the state. With an operational goal set for 2027, this collaboration is poised to revolutionise the landscape of eVTOL aircraft operations in the state.

Maruti Suzuki plans to start exports of EVs this year

Maruti Suzuki India aims to commence exporting EVs from India this year, following their domestic launch. Rahul Bharti, Maruti Suzuki India's Executive Director, revealed at the Vibrant Gujarat Global Summit that exports of EVs to nations such as Europe and Japan are set to begin this year. The company also plans to export lithium-ion battery cells and modules, anticipating exports worth around ₹7.5 billion in this fiscal year.

Foxconn, HCL announce semiconductor JV in India

Foxconn Technology Group and HCL Group have announced plans to establish a semiconductor outsourced assembly and testing (OSAT) unit in India. Foxconn is set to invest \$37.2 million, securing a 40% equity stake in the venture. The facility aims to bolster India's semiconductor industry and fortify supply chain resilience. This partnership aligns with Foxconn's BOL (build-operate-localise)
