Digi XBee3 Zigbee 3 RF Module

Easy-to-add connectivity in a compact, low-power, low-profile footprint

- At 13 mm x 19 mm, the new Digi XBee® 3 micro form factor allows for more compact and portable applications
- Bluetooth® Low Energy for beaconing, connecting to Bluetooth sensors and local configuration using the Digi XBee Mobile app
- Digi XBee 3 is one module for all protocols including: Zigbee, 802.15.4, DigiMesh® and BLE, all configurable via Digi XCTU®
- Intrinsic IoT security with Digi TrustFence®, a layered approach securing the edge device, through the gateway, into and out of the IoT
- Eliminate the need for an external microcontroller and create smart end nodes using MicroPython
