

ADVANTECH

Empower your AI Business at the Edge

Scalable AI Performance

- AGX Orin up to 275 TOPs
- Jetson Orin NX up to 100 TOPs
- Jetson Orin Nano up to 40 TOPs

Application-Centric I/O

- Robotics: CANBus, PoE, COM
- Video analytics: POE, Lan, 5G
- Flexible UIO40-express I/O expansion

» EPC-R7300

» AIR-030

Jetpack 5.0 above

Flexible Deployment

- Barebone PC from development to production (EPC series)
- Ready-to-use AI system (AIR series)

Software Integrated

- Ubuntu certified systems
- Edge AI Suite
- ROS2 Suite for robotics

Ultimate Performance

Drives Workload Breakthrough

Mainstream

Small footprint with Advanced Computing Performance

Performance Efficiency

Start Compact. Scale Fast.

AIMB-288

THIN AI Motherboard 12th Gen Intel® Core™ Processor (Alder Lake), MXM GPU integration

AIMB-588

Intel® 12th Gen Core™ (Alder Lake-S) i9/i7/i5/i3

EI-53

Intel 13th generation Compact Edge Intelligent up to 15 Watt with 10 Cores

ARK-3533

Intel® Core™ 12th & 13th gen processors i3/i5/i7/i9 LGA1700 Expansion Fanless Box PC

ARK-1250L

Intel® 11th gen Core™ i processor with Triple LAN/ Quadruple COM Din-Rail Fanless Box PC
