Exclusive Heating System

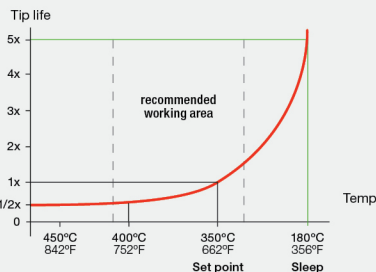

Efficient Temperature Control

Comparative process of 3 solder joints

Tips with JBC Technology only drop 30°C (54°F) where others drop as much as 70°C (126°F).

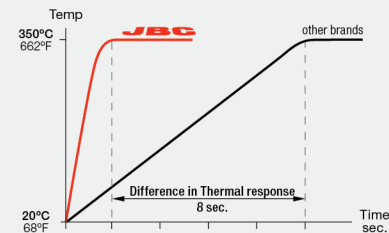

Tip Life 5 Times Longer

By using lower temperatures and Sleep & Hibernation Modes, tip life increases exponentially as shown in the graph.

Heating System Principles

350°C/662°F in 2 seconds

This graph compares JBC C210 Cartridge Range to other brands cartridges with similar features.

Why JBC? **+** solutions
efficiency
productivity

The **best choice** for the electronics professional
