

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

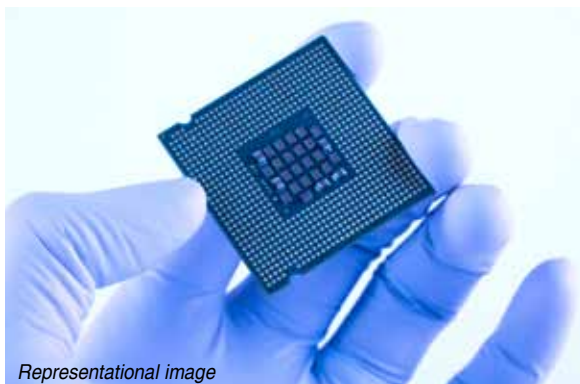

Event, Date and Venue	Topics	Contact for details
Integrated Electronics Manufacturing And Interconnections 2024 (IEMI) July 29-30, 2024 Bengaluru	Themes: Advanced semiconductor packaging and aerospace and defence electronics. A networking platform for procurement and quality heads of OEMs, EMS, and semiconductor suppliers. Features top officials from government-owned defence, aerospace, and multinational corporations.	Website: https://www.ipc.org/ipc-india/iemi-2024-bangalore
EFY Expo Chennai December 5-7, 2024 Chennai Trade Centre, Chennai	Major tech conference focusing on electronics, IoT, and AI. Simplifies new product development and manufacturing challenges in India. Offers assistance from leading suppliers, even for small batch productions.	Website: https://www.efyexpo.com/delhi-ncr/
19th Everything About Water Expo 2024 September 10-12, 2024 IICC, New Delhi	South Asia's largest water and wastewater event showcasing the latest technologies and solutions in water and waste management, endorsed by the Ministry of Jalshakti in India.	Website: https://www.eawaterexpo.com
Open Source India 2024 October 23-24, 2024 Bengaluru	Open Source For You magazine, in partnership with India's open source community and industry, brings various stakeholders under one roof to accelerate development and deployment of open source in India, and beyond.	Website: https://www.opensourceindia.in
India Electronics Week February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	India's No. 1 event for creators of smart electronics solutions to discover latest techniques, best practices and technologies for developing electronics better, cheaper and faster, and meet service providers, suppliers and partners who can enable growth of your business.	Website: www.indiaelectronicsweek.com
EFY Expo Pune May 15-17, 2025 Auto Cluster Exhibition Centre, Pimpri, Pune	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). Covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	Website: https://www.efyexpo.com/PUNE/

in other emerging markets like Latin America, the Middle East, Indonesia, and the Philippines.

Tata Electronics exports Made-in-India chip samples

Tata Electronics has started contributing to India's chip-making sector by exporting chip samples globally to partners in Japan, the US, and Europe. The indigenous chip samples are packaged at a pilot line at the company's Bengaluru-based research and development centre. The company has planned to set up new chip packaging units in Assam and Gujarat.

HP India in talks with VVDN, Dixon for domestic laptop assembly

HP India is in discussions with VVDN Technologies and Dixon Technologies to strengthen domestic laptop assembly, aligning with the Indian government's Production Linked Incentive (PLI) scheme 2.0 for IT hardware. Under the proposed arrangement, HP India would supply components for manufacturing (job work), while Dixon and VVDN would handle assembly. Both VVDN Technologies and Dixon Technologies have partnerships with chip-

maker Intel, aiding the laptop manufacturing industry in India.

Ramkrishna Forgings secures a ₹4B per year order from US-based e-Car maker

Ramkrishna Forgings has secured a significant supply order for electric vehicle pow-

ertrain components from a US-based electric car manufacturer, marking its debut in the US EV market. While the specific OEM remains undisclosed, estimated at ₹4 billion per annum, the order signals a strategic partnership. The company's expertise and commitment to innovation are highlighted, reinforcing its position in the global EV component market.

Sagar Semiconductors to partner with Hitachi Power Semiconductor for high voltage diodes manufacturing unit

Sagar Semiconductors has partnered with Hitachi Power Semiconductor Devices (HPSD) to set up an end-to-end integrated semiconductor manufacturing facility which will produce high voltage diodes for the automotive industry. HPSD has agreed to consider a technical transfer and support Sagar Semiconductor's study for the project plan, including transferring related technologies and training for Sagar Semiconductors' team in India and Japan. The proposed factory will include both the fabrication as well as the packaging of these devices and will produce around 100 million units per year.

Rohde & Schwarz inaugurates New Bengaluru facility

Rohde & Schwarz has inaugurated a new facility in Bengaluru's Manyata Tech Park, emphasising its commitment to contributing to India's Make-in-India initiative and expanding its presence in Bengaluru. The facility offers R&D, system integration, calibration, and repair services. The calibration and repair service centre is ISO 9001 and ISO17025 (NABL) accredited. The facility also includes sales, applications, systems integration, and a dedicated demo display area.

India's TDB to set up commercial lithium-ion battery recycling plant in Uttarakhand

The Technology Development Board (TDB) has signed an agreement with Remine India Private Limited to estab-
