

THE EV REVOLUTION

The new revolution is electric.

In the race towards a sustainable future, electronics lead the charge. **Kinetic** is a well respected & recognized group from India. We at **Kinetic Communications** design and manufacture EV powertrain components to “Accelerate the transition to electric mobility”. We deliver the widest range of customizable and state-of-art powertrain solutions (BLDC motors, FOC Controllers, DC-DC converters, EV Battery chargers, Instrument clusters like TFT, LED, LCD). For 2 and 3 wheelers market segments apart from electronics design.

POWERTRAIN COMPONENTS
