

Electrical & Electronics Test and Measurement Solution

EV/EVSE Test Solution

Programmable DC Power supply with battery simulation
Charge Discharge testing
Programmable AC Source with Grid Simulation
for EVSE Testing Electronics Load DSO
with Bode Plot/
Spectrum Analyzers/ Waveform Generator

ONsys is Authorized representative of EPS, Germany

Safeguard Your PCB Assemblies with Precision. Choose Acrylcoat Conformal Coatings.

CONINS is engaged in Manufacturing of PCB Conformal Coating for Electric Vehicles. Automobile and Electric Vehicles are most moving in all types of Environment and Road Conditions. Electronic Instrument gets Affected and Damaged. Acrylcoat Conformal Coating with proper Thickness will minimize the Failure Rate

Applications

- Motor Controller
- EV DC Converter
- SMPS Battery Chargers
- Electronic Battery Discharge Equipment
- Li-ion/LFP Chargers
- Lead Acid Chargers
- E-bike Charger
- E-rikshaw Charger
- Electric Cycle
- Electric Cars & Buses
- Electric Bikes
- Electric Tricycles & Electric Golf Carts

The Company is specialized in this field. Conformal Coating for EV PCBA and supplying these products to major OEMs in India

Head Office : 102, Ashwamedh Commercial Bldg. First Floor, Near Supreme HQ, Opp. Opal Residency, Mumbai -Bangalore Highway, Baner, Pune, Maharashtra 411045
