JANARDHANA SWAMY AND NEHA J.S.

Sir, now I understand how thieves have been avoiding bridges. They use something called 'Bridge Rectifiers'!

Congratulations for finding a great solution. All we now need to do is find a problem for it.

You outsourced the civil work to offshore. Now they are telling us how to do it here ourselves.

Sir, after seeing you work like a robot, many of my robot friends are now inspired to join politics!

You are right, Mom; we are not at all compatible. I am using iOS, and he is using Android!

No Sir, I am not taking it for walking; this robot is taking me for a walk to reduce my weight.
