JANARDHANA SWAMY AND NEHA J.S.

Why spend so much on education? They will ask for jobs after getting educated! And like me, one can become a political leader even without education.

Find out why our engineering team is taking so long to deliver System-on-Chip projects. It is a matter of just placing some systems on the chips!

This is a new autonomous car with its own brain. No one knows where it is going!

I was the Energy Minister before. But now I am powerless!

Why are you simply barking at the Sun all day? You are supposed to detect the nuclear material!

A true BREAKING NEWS! A robot that broke all the TVs in a TV showroom.
