

on-road experience. Some are mentioned below:

Dash cams. To enhance the safety of your vehicle, you can install a dash cam. It is a video recorder that captures footages, which can be utilised for various purposes (for example, evidence) in case there is an incident involving your car.

Choose a dash cam that has good video recording resolution (at least full HD, that is, 1080p) and a wide viewing angle (at least 170 degrees) to capture clearer footages covering a broader area. Also, consider a device with high storage (at least 32GB) along with expandable storage support. You can also look for one with smart features.

Priced at ₹ 14,250, Transcend Drive Pro 230 dash cam supports up to full-HD resolution and 30fps frame rate. Its Sony image sensor captures clear footages even in low light. Interesting features include GPS navigation and optimal route display, alerts for collision, lanes and headlights, driver fatigue alert and emergency footage capture. It comes with 16GB internal storage and support for expansion through microUSB.

Transcend DrivePro 230

More offerings can be explored from vendors like Garmin, Aukey and Transcend, among others.

Digital tyre inflators. A digital tyre inflator is a portable, budget-friendly device that comes in handy in times of need, like low air in tyres while on the road. While purchasing one, check for high air capacity (usually denoted in psi or other units of pressure). A small digital screen displays various measurements.

Desired pressure can be set through buttons assigned on the device.

Most devices have support for multiple pressure units. These can be charged using vehicle charger points or other sources.

Michelin tyre inflator can inflate a 33cm (13-inch) tyre from 0psi to 30psi within eight minutes. It is available for ₹ 2499.

Windek tyre inflators come with auto-off facility and backup LED light for dark environments (with SOS mode). These are available for ₹ 1700 a piece.

There are many more useful gadgets that can be used for various applications, all of which can make your ride more comfortable and secure. **EFY**
