Are You In Suspense?

Are you wondering what happened to your order or payment, even after a fortnight? But did you mention your name and address clearly while sending payment, and what the payment was for?

We get several payments every month without adequate instructions or even identity of the person sending the payment. As a result we are unable to take appropriate action on these, till we get a complaint - if at all.

At EFY, we want you to be our satisfied customer. So please do let us know in case your payment or instructions are not even acknowledged within a fortnight. We are not that lazy!

Technology Drives Us

Bluetooth speaker

The ultimate party starter

Embodying brilliant engineering and modern design, JVC's Boombox XS-XN15 speaker with 2x2W + 5W RMS output pairs with any Bluetooth-enabled device, bringing distortion-free music and uninterrupted playback of up to eight hours on 1000mAh battery.

The speaker produces instant bass, maximises volume performance and creates an impressive listening experience with the touch of a button. The unit comes with a built-in digital equaliser that enhances the music experience through various sound controls like volume, bass and treble.

GizMo ByTes

AI-enabled chatbot for IRCTC

Delhi-based startup TheFinansol has launched a beta version of artificial intelligence (AI)-based chatbot Indian Railway Virtual Assistant (IRVA) for Indian Railways, to provide quick and efficient customer service by being interactive and informative at the same time. IRVA will ease the process of finding train fares, booking tickets, checking ticket statuses and getting other railways-related information, for users.

mPassport Seva app for seamless application, issuance of passports

The newly-launched app allows users to apply for a passport from anywhere in India, irrespective of the place of stay. Available on both Android and iOS platforms, it offers a wide variety of services to smartphone users, such as tracking passport application status, locating Passport Seva Kendra (PSK)

and general information on various steps involved in obtaining a passport.

CBIC launches GST Verify app

Central Board of Indirect Taxes and Customs (CBIC) has developed a mobile app called GST Verify to protect the interest of consumers. The app instantly gives feedback to the users about the status of the person/company collecting GST. It arms them by providing relevant information, thereby helping them decide whether to pay GST or not.

Berry Dark Browser by Puppy Ventures

Puppy Ventures LLC has launched a new browser that brings a great dark experience to Web browsing. It helps in reducing eye strain and getting better sleep—night shift mode reduces blue light at night. The browser extends battery life because darker pixels use less power. It automatically blocks ads and trackers to speed up websites up to two times and to protect privacy. The app is only available for iOS devices, for US\$ 2.99.

The prices, features and specifications are based on information provided to us, or as available on various websites and portals. EFY cannot vouch for their accuracy.
