

One company. Many solutions.

PREMIUM 3D PRINTER FILAMENTS

Small spool sizes so you can experiment with more colors without spending a bundle!

- 0.25kg spools
- 0.50kg spools

ENCAPSULATING AND POTTING EPOXIES

Encapsulate and pot electronic components for protection and repair.

SILVER CONDUCTIVE EPOXY

Cold Solder Repair

Now available in 40 gram kits!

PENETRATING OIL

Cat. No. 8472

TOTAL GROUND Carbon Conductive Coating

Cat. No. 838

Create your own static-free work station

ACRYLIC CONFORMAL COATING

IPC-CC-8308 Cat. No. 819C

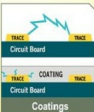

Flux Removers

Contact Cleaners

Metal Glazed Resistors (MGR)

Provide high stable performance against environmental conditions & overload voltages.

Wire Wound Resistors (WWR)

Small dimension, excellent stability in high temperature, resistant to humidity and comparatively than other kind of resistor. Fabricated using a suitable fiberglass or ceramic core with resistance wire securely crimped to the terminals. Precise resistance value with better life proof. Super heat dissipation, small linear temperature coefficient. Instant over load capability, low noise figure and without annual shift on resistance value.

Some of our segments we actively deal

1. Automobile
2. Lighting
3. Power Industry
4. Electrical Industry
5. Instrumentation
6. Consumer Industry & Others

Manufacturers of

- CFR • MFR • MOR • MGR
- WWR • Fusible Resistors
- High Power Resistors
- Aluminium Housed Breaking Resistors

Gold-Aluminum-Housed-Resistor

Aluminum-Housed-Resistor Breaking Resistor

Precision-High-Voltage-Resistor
