Fitbit Surge

It is a touch-screen smart watch that not only alerts you about incoming phone calls and text messages but also tracks your steps and sleep. It has special GPS, so you need not take your phone to exercise. You can connect with other Fitbit activity trackers to compete with or share your activities. Fitbit Surge is available on Amazon.

Fitbit Surge

Withings wireless blood pressure monitor

This soft cuff provides accurate on-the-go heart rate and blood pressure monitoring. It connects to the respective app on your mobile through Bluetooth. The app can measure blood pressure, heart rate and steps taken weekly. It ensures accuracy by taking an average of three measurements. It is available on Amazon.

Viatom Checkme

This tool monitors various health parameters. It takes only a few seconds to determine whether you

Data flow through a Viatom device

have fever. It can measure ECG, systolic blood pressure, oxygen saturation, pulse rate and rhythm and sleep. **EFY**

SteriPen Ultra

SteriPen Ultra

This rechargeable water purifier uses ultraviolet (UV) light to destroy 99.9 per cent of all the harmful viruses, bacteria and organisms existing in water. It can treat 50 litres per charge with a rechargeable lithium-ion battery. A smiley face on the screen indicates that the water is safe to drink, while a frowning face indicates that the treatment process needs to be repeated. You just need to hold the device over the surface for 30-60 seconds. SteriPen Ultra is available on Amazon.
