Introducing Keysight FieldFox handheld analyzers with real-time spectrum analysis (RTSA) up to 50 GHz. Now you can capture every interfering signal in real time with one integrated, lightweight unit. FieldFox with RTSA empowers you to detect, locate and fix with benchtop accuracy. At only 7.1 lbs, it's also an all-in-one cable and antenna tester (CAT) + vector network analyzer (VNA) + spectrum analyzer + RTSA and more. This means you can forget about carrying separate devices for every function you need. Go out there, get the job done in real time, and carry the precision of one.

#### Keysight FieldFox Handheld Analyzers with RTSA

Now 16 new models with RTSA from DC to 50 GHz

Detect pulses as narrow as 22 ns;  
63 dB spurious-free dynamic range

CAT + VNA + spectrum analyzer + RTSA and more

Benchtop precision, MIL-Class 2 rugged
