SCHURTER
ELECTRONIC COMPONENTS

SCHURTER is a leading innovator, manufacturer and distributor of passive and active electronic components

SCHURTER components ensure a clean and safe supply of power and easy-to-use interfaces. The brand is well recognised globally, especially for the reliability of its components, which adhere to international safety standards.

Major products

Circuit protection devices

Fuses and Fuse Holders, Circuit Breakers for Equipment and Voltage Selector Switches.

Connectors

Power Entry Modules with/without Filters, Appliance Connectors (inlets/outlets), Cord Sets and Cord Connectors, Distribution Units, Wires Harnessing, Data/Signal Connectors and Audio Connectors, Test Sockets and Probes.

EMC products

Power Entry Modules with Filters, Single Phase Block Filters, 3-Phase Block Filters, Suppression Chokes, Pulse Transformers.

Switches

Metal Line Switches, Print Mount Switches, Front Panel Switches, Public Transport Switches, Indicators, Metal Line Keypads.

Input systems

Resistive and projected capacitive touch panels, Membrane keypads, housing and integrated systems, Multi-touch technology, Human-machine interface applications.

Schurter products come with all major safety certifications like UL, CSA, VDE (ENEC10), METI, CCC and KTL
