Touchscreen Smartwatch

Cutting-edge technology meets classic design

Misfit has launched smartwatch collection 'Vapor.' Exclusively retailed on Flipkart.com, Misfit Vapor is a touchscreen smartwatch that gives users access to built-in music, real-time location, activity tracking and an optical heart rate sensor right on their wrist!

Powered by Android Wear 2.0, the latest wearables operating system from Google, Vapor provides a world-class software experience to its users. It enables

access to hundreds of top-rated apps as well as hundreds of songs on the go, even if your phone is not around. You can get things done by saying 'OK Google' at the press of a button. The smartwatch also provides an enhanced fitness experience to users by displaying calories, pace, distance and heart rate for their runs, walks and bike rides. It works with any phone running Android 4.3 or iOS 9 or higher version.

Dual-driver Headphones

Deliver better bass and treble

Price
₹1599

TAGG SoundGear 500 Dual Driver in-ear headphones are the perfect combination of functionality, comfort and style. Equipped with dual drivers that separate high-end frequencies from the mid and the bass, the handy and easy-to-wear wired headphones ensure that you do not miss a single beat.

The headphones are ergonomically designed to stay in place while users indulge in active workout or the hustle of daily professional life. Lightweight, durable and portable, these feature an in-line microphone and a multifunction button that supports call feature along with music volume controls for uninterrupted sessions of musical extravaganza.

Available in shades of black and gold, the TAGG earphones come with three sets of different ear-tip sizes to ensure proper fit for all.

Bluetooth Speakers

In cube shape

Ambrane has expanded its audio range with the launch of cube-shaped speakers (model BT 2000). The Cube speakers are lightweight and portable, and can be easily carried in your bag. These can pair with your smartphone or any device with a Bluetooth connection, and deliver high-quality audio with booming bass and shimmering treble.

With 400mAh battery and five watts of power, the speakers offer up to six hours of continuous music and 2.5 hours of playback within the range of ten metres. These are available in shades of black and blue.
