

N720 LTE Module

N720 is an industrial grade LTE module that supports 5 network standards, covering 2G, 3G, and 4G. With its industrial design and reliable performance, it is well applicable to AMR, in-vehicle computers, multimedia terminals, smart homes, etc.

Product Features:

- LTE Cat.1/Cat.4 module
- Qualcomm platform
- LGA 30*28*2.8 mm
- Europe/Asia/America version bands

N10 GSM Module

- MediaTek platform
- LCC 17.0*23.5*2.2 mm
- GSM/GPRS: Quad-band

G6/G7 GNSS Module

- GPS, GLONASS
- 12.2*16*2.2 mm/9.7*10.1*2.2 mm
- Operating temperature: -40 to 85°C

MICROCHIP

Leader in Low Power Embedded Wireless Solutions

BM70/71

Wi-Fi+BLE MODULE

ATWINC3400-MR210

Features

- IEEE 802.11 b/g/n RF/PHY/MAC SOC
- IEEE 802.11 b/g/n (1x1) for up to 72Mbps PHY rate
- Integrated chip antenna
- Superior sensitivity and range via advanced PHY signal processing
- Advanced equalization and channel estimation
- Wi-Fi Direct® and Soft-AP support
- Supports IEEE 802.11 WEP, • WPA, WPA2 security
- SPI, I • 2C, and UART host interfaces
- Network features: TCP, UDP, • DHCP, ARP, HTTP, SSL, and DNS
- Bluetooth Certification
- High Speed
- Class 1 and 2 transmission
- HCI (Host Control Interface) via high speed UART
- UART host and audio • Interfaces

BLUETOOTH LOW ENERGY 4.2

Features

- Bluetooth SIG 4.2 qualified
- Certified to FCC, IC, MIC, KCC, and NCC radio regulations UART, I2C, and SPI interface supported
- ISM Band 2.402 GHz to 2.480 GHz operation
- Channels: 0-39 Receive
- Sensitivity: typical -90 dBm (LE) Transmit Power: Class 2 output power (0 dBm typical, +2 dBm maximum)
- Received Signal Strength Indication (RSSI) monitor with 1db resolution
- Integrated chip antenna

Wi-Fi Module

ATWINC1500/ATWINC1510

Features

- IEEE® 802.11 b/g/n 20MHz (1x1) solution
- Integrated Transmit/Receive switch
- Integrated PCB antenna or u.FL micro co-ax connector for external antenna
- Superior Sensitivity and Range via advanced PHY signal processing
- Wi-Fi Direct and Soft-AP support
- Supports IEEE 802.11 WEP, WPA, WPA2 Security
- Integrated Flash memory for system software
- Hardware accelerator for IP checksum
- Hardware accelerators for OTA security
- Small footprint host driver
- Wi-Fi Alliance® certifications for Connectivity and
- Optimizations

Authorized Distributor:

Elektronika Sales Pvt Ltd

Leaders in Technology Distribution, Consolidation & Kitting
An ISO 9001 : 2008 Certified Company
