

Rugged and Reliable Industrial Grade Power Solutions

Industrial Grade Online UPS

- Capacity up to 300KVA, available in all configurations and capacity,
- Input Power factor correction, static Bypass, Snmp, Serial Interface, Modem Support
- Highly rugged and reliable DSP based Design, Prompt service support.

Static UPS/ Solar Inverters

- Capacity up to 40KVA single Phase, 300KVA three phase. Cost effective alternative of online ups in stable power supply.
- Lower batteries and longer backup, Run anything from computer to air conditioners etc.
- Very low power waste, highly reliable
- MPPT Charge Controller Integration for Solar Inverter model.
- Hybrid Inverter with Grid Tie Interface to Export energy to GRID.

Power Supply solutions for other applications

Various power supply solutions for industrial, R&D, Space, Defence, Railway application

FOR A COMPLETE HEALTH CHECK-UP OF YOUR ELECTRICAL EQUIPMENT

- Circuit Identifiers
- Clamp Meters
- Continuity Testers
- Motor Rotation & 3-Phase Testers
- Megohmmeters
- Multimeters
- Power Analyzers
- Voltage & Current Testers
- Ground Resistance Testers

Just like the human body, electrical equipment require a complete examination to identify any glitches. Whether the process is of installation, maintenance or repair, Extech's testers and meters are always up for the task. To ensure smooth operation of your electrical equipment, Extech offers a wide range of test instruments that help you identify a problem before it occurs.
