

Compact. Portable.
Powerful.
Experience our
new analyzers:

3-in-1 allrounder

The R&S®ZNL network analyzer is a 3-in-1 instrument: a network analyzer, a spectrum analyzer and a power meter. It offers solid RF performance and fast measurements in one compact box.

For lab and field

The R&S®FPL1000 spectrum analyzer provides good RF performance with a small footprint. Its light weight and battery make it the perfect instrument for the lab and in the field.
