30 YEARS
OF INNOVATION

**Electron Beam
Welded Precision
Shunt
Resistors**

Salient Features of Shunt Resistors

- Manufactured by Electron Beam Welding Technology
- Low TCR (Temperature Coefficient of Resistance Value)
- High Power rating
- Low watt loss
- Long term stability

Application of these shunt resistors are in the following end products:

- UPS / Inverters • Digital Multimeters
- Battery Management Systems (BMS)
- Solar Charge Controllers
- Energy Meters
- DC Energy Meters for Telecom
- Electronic Control Units (ECU)
- AC/DC and DC/DC Converters

Shivalik can also manufacture customized shunt resistors as per the customer's specific requirements

Shivalik Bimetal Controls Ltd.
H-2, Suneja Chambers, 2nd floor,
Aakranda Commercial Complex, Kalkaji,
New Delhi-110015 Mob.: 08110260505, 9870399052,
Tel: +91-11-26027174/26028175

Protecting your equipments from sudden voltage fluctuation is a challenge.

nishan
precision energy solutions

Nishan offers IGBT based, PWM controlled Static Voltage Stabilizers. Ultrafast correction speeds upto 20,000 v/sec.

Only choice when it comes to save critical machines against erratic voltages

Used for:

- CNC machines
- Communication equipments in mobile towers
- Medical OT
- large X-ray units
- CT scanning
- Sonography units
- Automation machines
- Plastic moulding machines

Available range : 2 KVA to 200 KVA

Require Dealers Distributors across India

Nishan Power Converters
