

In electro-chemical solutions, we reign

Through collaboration and research, we're developing and supplying a comprehensive range of approved materials to the automotive industry. A full range of electro-chemical solutions are offered in the form of conformal coatings, thermal pastes, encapsulants, cleaners and contact lubricants all manufactured to ISO standards.

With the exceptional ability to offer the complete solution and with global presence you have a more reliable supply chain and a security of scale that ensures you receive an exemplary service.

Isn't it time you discovered how Electrolube can serve you? Simply call, or visit our website.
