

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

Name, Date and Venue	Topics	Contact address for details
2nd IoT India Expo March 7-9, 2018 Pragati Maidan, New Delhi	Hands-on workshops on the Internet of Things (IoT)	Website: www.iotindiaexpo.com/connected-workshop.aspx
26th Convergence India 2018 March 7-9, 2018 Pragati Maidan, New Delhi	International exhibition and conference on digital convergence	Website: www.convergenceindia.org
ELECRAAMA March 10-14, 2018 India Expo Mart, Greater Noida, Uttar Pradesh	Flagship showcase of the Indian electrical industry ecosystem and the largest congregation of power sector ecosystem in the geography; brings together the complete spectrum of solutions that powers the planet	IEEMA Website: http://elecraama.com , http://ieema.org
electronica China March 14-16, 2018 Shanghai New International Expo Center, China	International trade fair for electronic components, systems and applications	Website: https://electronica-china.com
CII Internet of Things Summit for Make in India & Digital India March 16, 2018 Hotel Le Meridien, New Delhi	Summit covering industrial and consumer IoT, ecosystem, cyber risk in the age of IoT	Website: www.cii-iot.com
AMPER 2018 March 20-23, 2018 BRNO, The Czech Republic	International trade fair of electroelectronics, electronics, automation, communication, lighting and security technologies	Website: www.lerinvest.com
Broadband Summit 2018 March 28, 2018 New Delhi	Summit aimed to help drive the policy interventions needed to achieve a future-ready broadband for all Confederation of Indian Industry (CII)	E-mail: telecom@cii.in
HKTEC Hong Kong Electronics Fair April 13-16, 2018 Hong Kong Convention and Exhibition Center	Electronics expo	Website: www.hktdc.com/hkelectronicfair
KPCA Show 2018 April 24-26, 2018 Kintex, Korea	International electronic circuits show	Website: http://www.kpcashow.com
CE China 2018 May 3-5, 2018 Shenzhen Convention & Exhibition Center, China	International trade show for consumer electronics	Website: www.cechina-ifa.com/en
4th Smart Cities India 2018 Expo May 23-25, 2018 Pragati Maidan, New Delhi	Exhibition on smarter solutions for a better tomorrow	Website: www.exhibitionsindia.com
3rd India-Taiwan Electronics Summit June 1, 2018 Taipei	Summit on electronics system design and manufacturing	Website: www.eicina.com
JPCA Show 2018 June 6-8, 2018 Tokyo, Japan	48th international electronic circuits exhibition	Website: http://www.jpca.net/show2018/en/exhibition/index.html
Robotics & AI Summit June 19-19, 2018, Boston, USA Boston Convention & Exhibition Center (BCEC) Boston, MA	Summit on the power of AI and robotics in manufacturing	Website: www.roboticsbusiness.com/conference/robotics-ai-summit
ConneCTechAsia June 26-28, 2018 Singapore	Exhibition and summit on key technologies such as IoT, cloud/big data, cyber-security, TV Everywhere, ProAudioTech, SatCom, 5G and more!	Website: www.ConneCTechAsia.com
SES 2018 July 5-6, 2018 Bengaluru	9th strategic electronics (defence and aerospace) summit	Website: http://ses-india.in/register.asp
Automation Expo 2018 Aug. 29-Sept. 1, 2018 Bombay Convention & Exhibition Center, Goregaon East, Mumbai	13th international exhibition & conference on automation	IED Communications Ltd Website: www.automationindiaexpo.com
IFA Berlin Aug. 31-Sept. 5, 2018 Berlin Exhibition Center (Expo Center City), Germany	International trade show for consumer electronics and home appliances	Website: http://iftb-ifa-berlin.com
SEMICON Taiwan, 2018 September 12-14, 2018 Taipei, Taiwan	Premier event in Taiwan for microelectronics manufacturing	Website: www.semicon.taiwan.org/en
RoboBusiness 2018 September 26-27, 2018 Santa Clara Convention Center, Santa Clara, CA	Conference on the entire robotics ecosystem	Website: www.RoboBusiness.com

LiFi pilot conducted successfully

The ministry of electronics and IT has successfully tested LiFi (Light Fidelity) technology, which uses LED bulbs and light spectrum to transmit data at speeds as high as 10GB per second over 1km radius. The idea is to connect difficult terrains of the country that can't be reached by fibre but have access to electricity.

"One of the biggest use-cases of LiFi could be in the upcoming smart cities in the country, whose underlying theme will be IoT for modern city management and will be connected by LED bulbs," said Neena Pahuja, director general of the Education and Research Network (ERNET), an autonomous scientific society under the ministry, which conducted the pilot.

The pilot project was conducted in association with Indian Institute of Technology Madras at its campus along with lighting company Philips.

Classification of MSMEs now on turnover basis

The Union Cabinet chaired by prime minister Narendra Modi has approved change in the classification criteria for micro, small and medium enterprises (MSMEs) from 'investment in plant & machinery/equipment' to 'annual turnover'. Accordingly, units producing goods and rendering services are now defined as micro for turnover not exceeding ₹ 50 million, small for turnover more than ₹ 50 million but not exceeding ₹ 750 million, and medium for turnover more than ₹ 750 million but not exceeding ₹ 2500 million.

The change in classification norms will allow MSMEs to avail benefits of various schemes announced by the ministry of MSME, government of India.

Government unveils draft policy on green mobility

The government has sought stakeholders' comments on a draft National Auto Policy, which seeks to promote clean and safe mobility and adopt a long-term roadmap to harmonise emission standards with global benchmarks by 2028. The policy also envisages propelling India's automotive industry amongst the top three nations in the world in engineering, manufacturing
