Action camera

Frame the perfect shot

GoPro, American technology company that manufactures action cameras, has launched GoPro Hero in India, which is exclusively available for sale on Flipkart. The camera is waterproof, durable and made to go where your smartphone cannot. It helps you capture amazing shots of any adventure or everyday things from creative new perspectives. You can control your GoPro using simple voice commands.

Some other features include 5.1cm (2-inch) touchscreen, 10MP photos and time lapse photos at 0.5-second intervals, Wi-Fi and Bluetooth connectivity, auto cloud backup, QuikStorie-enabled, lithium battery and more.

Smart speakers

Hands-free help around the house

Technology giant Google launches voice-activated speakers Home and Home Mini in India, as a move to take on rivals' devices like Amazon Echo. The devices have Google Assistant built in, so whenever you need help, it is by your side. You can play songs, tackle your day, enjoy your entertainment, get answers to all sorts of questions and control your smart home with just your voice. Home and Home Mini work with Chromecast, so you can stream shows, movies and music on your television or speakers. Both devices support Android and iOS operating systems.

Vacuum cleaner

Cord-free and hassle-free

Dyson has officially entered India, and released Dyson V8 vacuum cleaners. With the motor in the handle, Dyson V8 stick vacuum cleaners use Archimedes' principle of the lever to make it easy to lift and clean high places. The direct-drive cleaner head's motor pushes stiff nylon bristles into carpets to capture deep-down dirt. The hygienic dirt ejection mechanism drives out trapped dust and debris in one action. A silicon collar pushes the dirt down a chemically-etched stainless steel shroud, so you do not need to touch it.

A nickel-cobalt-aluminium battery provides up to 40 minutes of fade-free suction. And the wall-mounted charging dock recharges your Dyson V8. These cleaners are small enough for hard-to-reach places around the cabin, and powerful and long-lasting enough to clean your whole car, properly. The vacuum cleaners truly transform the way you clean!
