World's sleekest GSM phone

Yerha.com, an e-commerce platform for technology products, has launched the world's sleekest GSM phone, Reinvent. This ultra-slim dual-SIM phone is the perfect combination of design and style. It is made of genuine metal and high-quality dual Gorilla glass. It comes with robust features such as smart keypad for typing SMSes, MP3 player with Bluetooth and microSD card, FM Radio, sound recording, calculator, alarm, calendar and loudspeaker. The phone's GSM band supports 850/900/1800MHz and supports both nano and micro SIMs. It has a memory of up to 1000 contacts, a battery capacity of 500mAh and can be put on flight mode when you want to enjoy some moments of peace.

Reinvent measures 6.4mm x 12cm x 4.4cm (0.25 x 4.7 x 1.7 inches) and weighs 80 grams. It can be paired with any smartphone (iOS and Android) via Bluetooth. It supports 32GB extendable memory, so you can keep all your data and music in one place. Besides English and Hindi, it supports regional languages such as Punjabi, Tamil and Gujarati.

Laptop

Carbon-tough yet ultralight

Price
₹ 1,77,990 (X1
Carbon 6th
generation)

Featuring a carbon-fibre-reinforced chassis, the new X1 Carbon by Lenovo is the lightest and thinnest business ultrabook ever. The device is packed with Windows 10 Pro, 7th-generation Intel Core processors, lightning-fast Thunderbolt 3 and a 35.56cm (14-inch) quad-HD display. The laptop is tested against 12 military-grade requirements and passes more than 200 durability tests. Even when Wi-Fi is out of range, X1 Carbon has Qualcomm Snapdragon X7 LTE-A available, so you will always have connectivity and access to all your data and apps in the cloud.

X1 Carbon delivers up to 15.5 hours of battery life. And if you are running low, its rapid charging feature provides 80 per cent capacity in just one hour. It comes with a fingerprint scanner and an infrared camera with advanced facial recognition technology for easy access and security.

Powerbank

Never let your devices run out of power

Widening its portfolio of powerbanks, QHMPower launches a 12,500mAh powerbank with super-capacity battery and stylish looks. The powerbank has a slim and elegant design, and can slip into your pocket easily. It comes with a rubberised finish, which is sturdy and durable. With three USB power outputs and integration with an LED indicator, the powerbank keeps your battery status in check.

The high-powered lithium-ion battery ensures faster charging with a capability of 10W output. It offers a maximum output of 5V/2A, and a conversion rate of up to 80 per cent. It adjusts the output as per the connected device. Supporting more than 500 times of charge/discharge cycles, the powerbank always keeps your phone's battery at its peak. It is BIS-certified and comes with a multitude of advanced safety features, such as short-circuit protection, over-charge protection, over-discharge protection and over-voltage protection, which assure maximum user and device safety at all times.
