DoT restricts network test subscribers enrolment to five per cent

Department of Telecom (DoT) has announced a limit to the enrolment of test subscribers during the trial period of network capacity to five per cent and the maximum testing period to six months.

The order states that a licensee enrolling its test subscribers in a licensed service area (LSA or telecom circle) will be restricted to five per cent of the installed network capacity. It has also ordered that telecom operators must provide details of network capacity 15 days before the test subscribers enrolment starts.

ISRO opens technology incubation centre in Agartala

ISRO Space Technology Incubation Centre at Agartala was launched during the first edition of Spacetronics 2018. The centre will facilitate discussions on space technology and policies. Anil Kumar Muniswamy, chairman, IESA, while addressing the delegates at the summit, said, "With huge market opportunities related to the space technology segment, the Indian ESDM industry is projected to see space technology-related investments over the next five years."

Biplab Kumar Deb, chief minister of Tripura, said, "Tripura has been focusing on emerging as a prominent place in the Indian technology map by nurturing innovation, entrepreneurship and invention. We have put in place policies and a framework to ensure that the ecosystem is favourable to more partnerships, that there is access to funds, improvement in ease of doing business and that networking in domestic and international markets is enhanced. Most important is this new initiative—ISRO Space Technology Incubation Centre of the National Institute of Technology, Agartala."
