

Smart Home Solutions

Smart Homes for your Enhanced Lifestyle

With more than 30 years of experience in the area of microcontroller and peripheral IC design, Holtek has released onto the global market a huge range of devices for application areas such as home appliances, energy saving, security systems, personal health care etc. Such devices are not only giving its users a more convenient lifestyle but also providing for a more comfortable, greener and better managed family environment.

In addition to this Holtek is now also providing users with the technology and device range for the smart home environment.

MCU Core

- 32-bit Cortex®-M0+
- 32-bit Cortex®-M3
- 8-bit Flash MCU

DISPLAY

- LCD Drivers / MCUs
- LED Drivers / MCUs
- VFD Drivers / MCUs

LIGHTING

- LED Bulbs / Tubes ICs
- Remote Mood Lighting ICs
- RGB Lighting ICs
- LED Outdoor Lighting ICs

CONNECTIVITY

- Sub 1GHz ICs
- Bluetooth ICs
- 2.4GHz RF Transceivers
- IR Remote Encoder / Decoders
- USB Interface MCUs

SECURITY

- Emergency Lighting Drivers
- Shock Detector Modules
- Smoke Detector MCUs
- Fingerprint Recognition Modules
- PIR ICs / MCUs / Modules

POWER

- Battery Management MCUs
- DC/DC Converter ICs
- AC/DC Converter ICs
- Charger MCUs
- Low Drop Voltage Regulator ICs

SENSOR

- Touch Key MCUs
- Temp. / Humidity Modules
- PM 2.5 Modules
- CO Modules
- Position Modules
- Ultrasonic Distance Modules

HEALTH

- 24-bit Delta Sigma A/D MCUs
- Glucose Meter MCUs
- R-Type Blood Pressure Meter MCUs
- Body Fat Meter MCUs
- Thermometer MCUs

S/W CERTIFICATE

- UL 60730
- IEC 60730

Holtek Semiconductor (India) Pvt.Ltd.

29/30, Prestige Meridian 1, Suit No 1004, MG Road, Bengaluru, Karnataka, Postal Code : 560001.
