Tecno System is an Italian multinational Electronic Contract Manufacturing Services (EMS) Company. We undertake Design & Development of Printed Circuit Boards (PCB), PCB Assembly, Box build and after-market services like repair & rework on turnkey as well as on job work basis.

Our operations in Bengaluru, India started in 2016. Our manufacturing unit is ISO 9001:2015 and AS 9100 Rev. D certified. This unit is equipped with a full-fledged SMD assembly line including Automated Optical Inspection & Solder Paste Inspection Systems. Other machines include X-ray, Hybrid Rework Station and Wave Soldering Machine.
