

RAILWAY Universal DC Input 100W & 200W DC/DC Converters

- Wide input voltage (10:1): (14.4V)...16.8V to 137.5V...(160V)
- Reinforced isolation (I/P to O/P): 4.242kVDC / 1 minute
- Isolation from base to I/P & O/P: 4.242kVDC / 1 minute
- High efficiency up to 93%
- Ambient temperature range: -40°C to +100°C (case)
- No minimum load required
- Adjustable UVLO (Undervoltage Lockout)
- Half brick for 100W and 200W
- IEC/EN/UL60950-1 and EN50155 railway certified
