

UV LED Solutions

Bytech Electronics launched China's first full inorganic packaging UV luminous diode and its core application modules including UV ink curing, UV adhesive bonding, UV exposure, UV nail, UV air purification and UV water disinfection, with CMH (ceramics, metal and hard glass) as the technology platform.

6868 (6.8*6.8mm)
high power uva led

uv ink curing, uv
glue curing, uv
exposure, offset, flexo,
screen print

6868 (6.8*6.8mm)
high power uva led

uv ink curing, uv
glue curing, uv
exposure, offset, flexo,
screen print

3535 (3.5*3.5mm)
uva led

uv ink curing, uv
glue curing, uv
exposure, screen print

3535 (3.5*3.5mm)
uvc led

disinfection,
sterilization

3030 (3.0*3.0mm)
uva led

mosquito lamp,
gel lamp, money
detector, reaction
testing

We also offer
Ready Modules
& PCB

LED Driver & DISPLAY IC

THOOTR SEMICONDUCTOR LIMITED

is a Integrated Circuit Design Company focused on LED drive and power management. Established in 2001, it is a national hightech enterprise with integrated circuit design and sales as its core business. It was certified by integrated circuit design in September 2007. In 2008, it was rated as the first batch of independent innovation "leading enterprises" in the IC design industry, and passed the icqa quality certification in July 2009.

THOOTR has an efficient management and technology development team.
