Profile Projector User

We are using Nikon Profile Projector V12BDC, we impressed with Uniform Screen Brightness and Erect Image, Which are able to generate reliable and repeatable data for review and analysis of product design and performance.

Mr. Kumaravel V, Manager Standard Room - Titan

Video Measuring System User

Nikon Optical measurement and Inspection Systems offer clear and deeper insights into product's manufacturing detail with consistency. Thus High Resolution of the systems – VMZ R 4540 Vision Inspection System with Multi Sensor Capability and Thru the Lens Laser, provide us reliable and repeatable results.

Mr. Senthil Nathan, Senior Manager - Titan

X-Ray User

We bought Nikon XT V 160 microfocus X-ray, it's open tube design helped us to run the machine very cost effective as filament cost is less than Rs 2,000 which runs for more than 300 hrs. It provide us clear in depth X-ray images, which helps us to improve the quality of our product.

Mr. Vivek Khanna, Managing Director- Indic

X-Ray User

The Nikon XT V is a proper inspection tool. With it, We will Definitely know that our manufacturing process is providing excellent results for all bottom terminated components." The Nikon XT V 160 will expose any hidden features allowing further examination into BGAs and other array style package as well as inspect heels of solder joints, fine pitch packages and internal characteristics of solder joints.

Mr. Nelson Almeida, Public Relations Officers - Indian Telephone Industries

Nikon India Vice president

**Mr. Akira
Muramoto**

I am appreciating thank you very much this advertisement with valuable Nikon's family companies. I think that your first inspiration of Nikon is "Camera". However Nikon's first product was "Microscope" So Nikon is pioneer of instruments measuring equipment since 1965. We specialize in creating manufacturing process. Nikon's measurement deceives constitute to superior product quality and safety in industries ranging from automotive to electronics and aviation. I would like to say "Nikon is here for you!" We are Nikon-India would like to grow with many India customers future.
