

NEW FEATHERS IN GSASMSPL's CAP

Truly Unified Design - Altium Designer bridges all facets of the PCB design process to keep you seamlessly connected to every aspect of your design

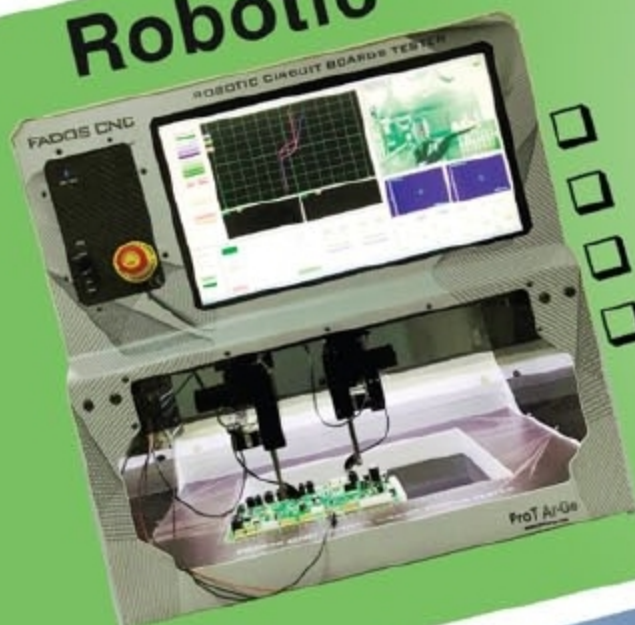

**ALTium
DESIGNER19**

- ☐ Routing Follow Mode
- ☐ Stackup Materials Library
- ☐ Printed Electronics Support
- ☐ Stackup Impedance Profiles Manager

- ☐ Pad/Via Thermal Connection
- ☐ Rigid-Flex Support for Multi-Board Designs
- ☐ Differential Pair Glossing
- ☐ MicroVia and SkipVia support

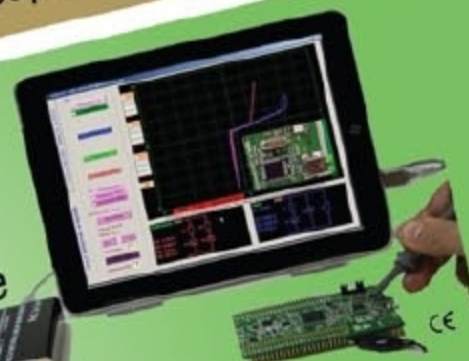

Altium

Robotic

In-Circuit Testers

- ☐ Dual Channel VI Tester Probe
- ☐ Heatmap Graph
- ☐ Equivalent Circuit Diagram
- ☐ Memory Function

Field Testing

ProT Ar-Ge
Industrial Project Design R&D Ltd. Co

An Intelligent Eye into Embedded Systems

Cheetah

High-speed SPI host adapter

Beagle USB 5000 v2
SuperSpeed Protocol Analyzer
World-class USB 3.0 bus monitor

Promira

Versatile I2C, SPI and eSPI
host adapter

Advanced Cable Tester
First comprehensive cable tester
on the market

TOTALPHASE

Authorized Distributor and Preferred Partner
GSAS Micro Systems Pvt Ltd
