

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

Name, Date and Venue	Topics	Contact address for details
GITEX Technology Week October 6-10, 2019 Dubai World Trade Centre	Tech show in MENA and South Asia	GITEX Technology Week Website: www.gitex.com
2019 Korea Electronics Show (KES2019) October 8-11, 2019 Coex, Seoul, Republic of Korea	Showcases the modern and future electronics and IT industry of Korea	Korea Electronics Association Website: www.kes.org
AsiaWorld-Expo October 11-21, 2019 Hong Kong	Oct. 11-14: Consumer electronics Oct. 18-21: Mobile electronics plus startups	AsiaWorld-Expo Website: www.asiaworld-expo.com
OSI Days October 17-18, 2019 NIMHANS Convention Centre, Bengaluru	Premier conference in Asia targeted at nurturing and promoting the open source ecosystem in the subcontinent	EFY Enterprises Pvt Ltd Website: www.opensourceindia.in
India Consumer Electronics & Home Appliances Exhibition November 14-16, 2019 Bombay Exhibition Center, Mumbai	Show on consumer electronics	India Consumer Electronics & Home Appliances Exhibition Website: www.ceifair.com
Bengaluru Tech Summit November 18-20, 2019 Bengaluru Palace	A platform for industries, technologies and technocrats worldwide to understand and leverage latest innovations and technical repercussions on our businesses and daily lives	Bengaluru Tech Summit Website: https://bengalurutechsummit.com
Sensors USA November 20-21, 2019 Santa Clara Convention Center, California, USA	Conference and exhibition enabling the commercialisation of disruptive sensor technologies	IDTechEx Website: www.idtechex.com/sensors-usa/show/en
The Big 5 Solar 2019 November 25-28, 2019 Dubai World Trade Centre, Dubai	Event for the solar, energy and HVAC sector	Indian Chamber of Commerce Website: www.indianchamber.org
AeroDef India Manufacturing December 3-5, 2019 Bangalore International Exhibition Centre, Bengaluru	Platform for Indian and international aerospace and defence equipment manufacturers to source raw materials, components, sub-assemblies and finished products and sub-contract essential manufacturing processes to Indian MSMEs	Infinity Expo Website: www.aerodefindia.com
International Electronic Circuits (Shenzhen) Exhibition December 4-6, 2019 Shenzhen Convention and Exhibition Center	A platform for electronic circuit industry enterprises and upstream and downstream industry enterprises to exchange and display their strength	Hong Kong Circuit Board Association (HKPCA) Website: www.hkpcashow.org
Consumer Electronics Show 2020 January 7-10, 2020 Las Vegas Valley, Nevada, USA	World's gathering place for those who thrive on the business of consumer technologies	Consumer Technology Association Website: www.ces.tech
21st Electronic Components & Materials Expo January 15-17, 2020 Tokyo Big Sight, Japan	Exhibition for electronic components and materials in Japan	Reed Exhibitions Japan Ltd (NEPCON JAPAN Show Management) Website: www.nepconjapan.jp
India Electronics Week February 13-15, 2020 KTPO Trade Center, Whitefield Industrial Area, Bengaluru	Mega electronics and technology show with multiple co-located events including expositions, conferences and seminars	EFY Enterprises Pvt Ltd Website: www.indiaelectronicsweek.com
IoTShow.in February 13-15, 2020 KTPO Trade Center, Whitefield Industrial Area, Bengaluru	Everything you would like to know about the Internet of Things	EFY Enterprises Pvt Ltd Website: www.iotshow.in
Smart Energy Summit February 17-19, 2020 Austin, USA	Focuses on such topics as smart home and energy efficiency, adoption and innovative business models, smart home and demand response, and much more	Parks Associates Website: www.parksassociates.com
Convergence India 2020 February 19-21, 2020 Pragati Maidan, New Delhi	Communications, broadcast, IT and technology show	Convergence India 2020 Website: www.convergenceindia.org
Flex & MEMS Sensors Technical Congress February 24-27, 2020 Double Tree by Hilton, San Jose, California, USA	Conference on flex and MEMS sensors	SEMI Global Headquarters Website: http://flex.semi.org
embedded world 2020 February 25-27, 2020 Nuremberg, Germany	International fair for embedded systems	NürnbergMesse Website: www.embedded-world.de/en

India to soon increase import duty on solar equipment to boost domestic industry

India will increase the import duty on solar equipment to encourage the domestic industry in the coming years, power minister R.K. Singh has said. He has also announced that a solar policy will be unveiled soon, and would include tax incentives, especially for solar equipment manufacturing in India, reported *PTI*.

The minister disclosed that the safeguard duty currently imposed on solar equipment will be diluted in a few years. He said that India will increase tariffs on solar equipment down the value chain in the coming years. He added that the rise in import duty will not impact the solar energy bidding process in India.

Recently, Andhra Pradesh discoms had demanded lowering the tariff on some renewable energy projects. On this issue, Singh commented that Power Purchase Agreements are secured and that no concluded agreement can be tampered with. Also, Solar Energy Corp. of India (SECI) and NTPC have refused to lower tariffs on green energy.

MeitY and Google to join hands for Build for Digital India initiative

Ministry of Electronics and Information Technology (MeitY) and Google have signed a statement of intent to roll out Build for Digital India, a programme that will give engineering students a platform to develop market-ready, technology-based solutions that address key social problems.

As part of the programme, engineering students across the country will be invited to apply and join in a learning journey that will help them transform their ideas into real-world solutions. Applicants will take part in online and offline learning opportunities on such key technologies as machine learning, cloud and Android. These will be offered through Google's Developer Student Club network and other Google Developer networks. Google will also offer mentorship sessions in product design, strategy and technology to the most promising products and prototypes.

Ravi Shankar Prasad, IT minister,
