

Technology Transfer of Econo-MPPT up to 3KVA

- MPPT up to 3KVA, 12V to 96V
- Maximum VOC 200V
- Temperature compensated battery charging
- Current limiting when battery reaches full charge
- Auto-selection for panel VOC and number of batteries from 12V to 96V
- Wide range SMPS, working range 17V to 200V; hold range 14V to 200V
- Dusk to dawn feature included
- Additional relay for mains disconnection for solar priority when using with other brand inverters
- Hardware and software cut-off during short circuit /overload

Martin's Electronic Devices & Instruments
Research & Development in Electronics since 1987

- Temperature sensing for heat sink and automatic fan control. Auto cut off in case of fan failure.
- Standby power at night time is less than 10mA
- LCD to display panel voltage, panel current, battery voltage, battery current, total KWH
- Data communication with Wifi, Android and web upload and wired communication with external device

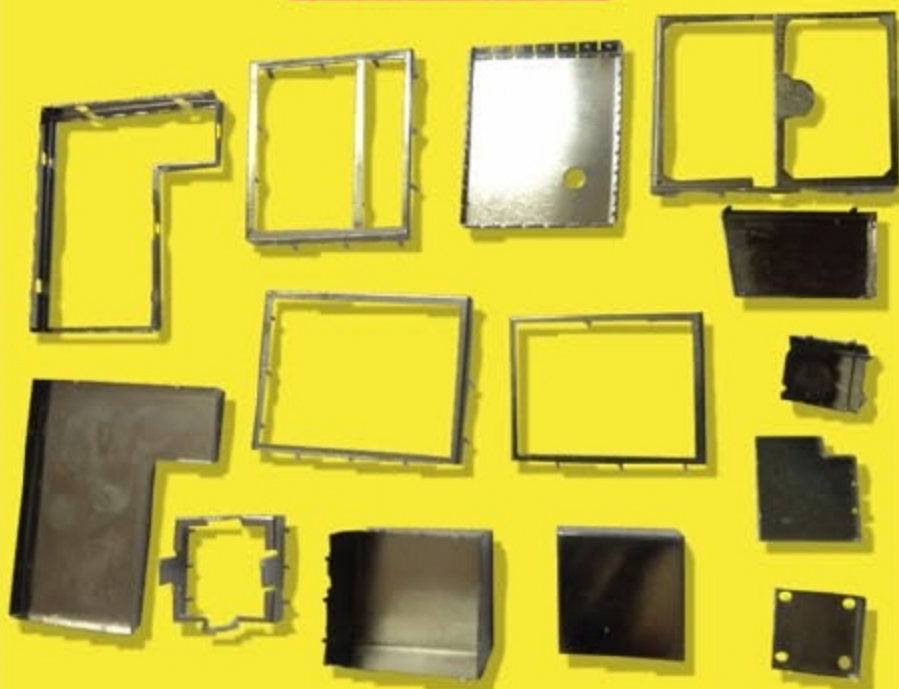

BOM of 3KVA Econo-MPPT - Rs.3000

Technology transfer cost for Econo-MPPT up to 3KVA - Rs.1,70,000

EMI Shield Fence & Cover

We undertake design and manufacture of Shield Fence and Cover for PCB Mount

WE ALSO EXPORT THEM
