TAKE THE GUESSWORK OUT OF THERMAL TESTING

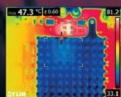

FLIR *ETS320*

The FLIR ETS320 is an affordable solution for reducing test times and improving product design for electronic board and device evaluation. Whether the goal is R&D or product testing, heat can be an important indicator of how a system is functioning. The ETS320 helps engineers and test technicians collect accurate, reliable data in seconds and analyze it quickly.

- Reduce Test Times
- Improve Product Design
- 320 x 240 IR resolution (76,800 pixels)
- FLIR Tools+ software for instant analysis, including Time vs. Temperature measurement

Measure small components down to 170 µm per pixel spot size

Determine where to add or remove thermal management devices
