

MORNSUN®

150-1500VDC Input DC/DC Converter Designed for 1500V PV Power System

► PV15/40-29Bxx Series

- Power: 15W, 40W, 45W
- Isolation: 4000VAC
- Operating temperature: -40°C to +85°C
- Operating elevation up to 5000m
- Protection: Input under-voltage, reverse input voltage, output over-current, short-circuit, over-voltage protection
- PCB, Chassis mounting, Din-Rail mounting, Metal cage

Ideal for

PV solar combiner
PV solar inverter
High voltage switching

Product Lines

1-240W
AC/DC Converter

0.25-150W
DC/DC Converter

IGBT Driver

EMC
Auxiliary Device

* For the detailed information, please refer to datasheet.
