

Incubation Centre IIT Patna pioneered incubation in the area of MedTech and has extended its horizon to all electronics and allied devices. IC IIT Patna leverages the synergies in various strands of excellence, to drive innovation and entrepreneurship, consisting of tech and business mentorship with state of art laboratories and upto 10 lakhs of seed funding.

We support companies from **MedTech**, **IoT**, **Automation** and other **ESDM** sectors.

Bionic Hope Pvt Ltd:

Working with the motto of "Never Feel Broken", this company is making an active upper limb prosthetic arms which will improve the quality of life of upper arm amputees. "The mentorship we received at IC IIT Patna has enabled us to progress with our product development in a fast and focused way" says the team.

Electro Curiotech Pvt Ltd:

Focusing on MedTech, Electro Curiotech develops a portable automated cataract detection device. The founders say "IC ensures the best incubation environment through good administrative and technical support"

Wityliti Automation & solution Pvt Ltd:

"We are very appreciative of the lab facilities and support we are receiving at IC, which makes our prototyping iteration easy and fast".
