

Smart Cities Need Smart Lighting

softGrip led Driver provides Smart Solutions for Smart Lightings

- RTC based dimmable - provides option of power saving in late night.
- High efficiency > 91%
- Wide input range 140V AC - 440 V AC
- Surge protection above 10 KV (with SPD) and 4.0 KV without SPD
- ECG extensively protected against abnormal operating conditions at the output e.g. short-circuit, open circuit.
- Certified as thermally protected device.
- Conformance with international regulation, regarding safety and operation IEC 61000-4-5.
- Under voltage & over voltage cut off available.

Higher Surge protection - 6 KV

Over / Under Voltage protection 130 V to 320V

Higher Operating Temp. 85°C - Casing temp

100 to 150 Watt RTC Based Dimmable Driver

WIDE PRODUCT RANGE

6 to 18 Watt

24 to 36 Watt

40 to 50 Watt

60 to 80 Watt

6 to 24 watt for tube light drivers.

Softgrip Power Product LLP.

1st Floor, Waghajai Complex, Kharabwadi, Chakan, Pune - 410501.

IT'S TIME TO PROMOTE DESIGN IN INDIA

<http://designindia.electronicsforu.com>

Design IN India

Section launched on Electronicsforu.com to showcase design houses and innovators of India who are creating innovative electronic hardware products. If your firm has also launched or designed an innovative product for OEMs, share your details with us at editsec@efy.in.

EFY GROUP
INDIA

Manufacturer of Precision High Quality Fine Resistance Wire

FEATURES OF PRODUCT

- SIZE RANGE 30SWG TO 50SWG
- BRIGHTOXIDISED ANNEALED
- GOOD ELONGATION
- GOOD TEMPERATURE COEFFICIENT
- THESE ALLOY WIRE IS USED RESISTORS, POTENTIOMETER, SCIENTIFIC INSTRUMENT ETC

PRODUCT RANGE

- NICHROME 80/20 WIRE(NICROX)
- EUREKA ALLOY WIRE (CUPPROX)
- FERCAL ALLOY WIRE

We can also produce according to customer specification

Asian Heating Alloys

ASIAN HEATING ALLOYS INDUSTRY

Plot No. 38/560 Near Talab Temple, Dist-Rewa (M.P.) 486001
