## Introducing The New Keysight 1000 X-Series Oscilloscopes

| Models                 | EDUX1002A                                   | EDUX1002G | DSOX1102A                       | DSOX1102G |
|------------------------|---------------------------------------------|-----------|---------------------------------|-----------|
| Bandwidth              | 50MHz                                       |           | 70MHz (100MHz with B/W upgrade) |           |
| Update Rate            | >50,000 Waveforms/Second                    |           |                                 |           |
| Sample Rate            | 1Gs/Sec                                     |           | 2Gs/Sec                         |           |
| Display                | 7" WVGA TFT LCD                             |           |                                 |           |
| Channels               | 2 analogue plus Trigger View (1 digital ch) |           |                                 |           |
| Memory                 | 100k points                                 |           | 1M points                       |           |
| Serial Decode (option) | I2C, UART/RS232                             |           | I2C, SPI, UART/RS232, CAN, LIN  |           |
