

Sure power everywhere

If you are looking for UPS power make sure you have the right battery.

Environmental conditions, frequency and duration of power cuts, maintenance, reliability and budget, all play a part in determining the choice. Only Exide has the range of AGM VRLA, Tubular GEL VRLA and Tubular Flooded batteries to ensure you get what is right for you. Why compromise? Remember your UPS is only as good as its battery.

• All batteries shown are cadmium free

For enquiries, SMS "IUPS" to 9211805454
