

In a message on the occasion of C-DOT's 34th Foundation Day and WIDHWAN launch, minister of communications Manoj Sinha called upon C-DOT to innovate and develop telecom products at reasonable costs for exporting to SAARC countries and other developing regions of the world. He said that in an era of M2M communications, Internet of Things, 5G, cognitive learning and hyper-speed networks, C-DOT has to play an important role in developing state-of-the-art telecom infrastructure at affordable rate for the common man.

Also present on the occasion was secretary, Department of Telecom, Aruna Sundararajan, who said that at present 70 to 80 per cent of telecom equipment is imported in India, and C-DOT can play an important role in bringing down this huge import bill by developing cutting-edge telecom products in the country.

BEL Academy for Excellence, advanced testing facilities set up at BEL

The ex-defence minister Arun Jaitley recently inaugurated an Academy for Excellence and two state-of-the-art testing facilities (EMC test facility and near-field antenna test range) at the Bengaluru unit of Navratna Defence PSU Bharat Electronics Limited (BEL). The BEL Academy for Excellence is envisaged to address training needs of not only BEL employees but also its customers and vendors/partners, especially MSMEs/SMEs. Affiliated to national/international universities, it will also cater to skill development initiatives of the central government.
