Clamp-on digital multimeter

Kusam-Meco has introduced a new clamp-on digital multimeter in two models, 2754A and 2754A-T (Trms). These multimeters are auto-ranging and have a 4000-count display. Model 2754A is capable of average sensing

while model 2754A-T allows true-RMS measurements. The measurement rate is 3 per second nominal.

The meters can measure up to 1000A DC and 800A AC current; 400mV/4V/40V/400V/600V AC and DC; 400W/4kW/40kW/400kW/4MW/40MW resistance; and 500nF/5mF/50mF/500mF/3000mF capacitance.
