Ethernet & JTAG Controllable Universal Functional Tester

- Flexible & Configurable
- Compact & Integrated
- Multiple Software Platforms
- Complete UUT protection
- Direct UUT Plugging
- LED / Optical Testing
- Advanced Safety
- Ease of Use
- Easy Debugging tools
- Top UUT Mounting Plate
- Unique "J-Mount" System
- Bed of Nails Integration

Features

- Flexible & Configurable
 - Unique peripheral cards
 - Controllable via Ethernet and JTAG
 - Multiple UUT mounting options (Includes bed of nails)
- Compact & Integrated
 - 'All-in-one' modular functional test system
 - Maximise the use of production space
 - Portable and easy to store
- Advanced Safety
 - J-Safe system
 - GoJ-Safe
 - J-PSM
