

SOLUTION FOR ELECTRONICS MANUFACTURING SERVICES

- A Fully integrated turnkey operation employing state -of-the industry SMT and THT assembly techniques
- Highly focused on Aerospace, Defense and Space customers
- Value Added services like Quick-turn prototyping, NPI, Pre-Production/Pilot production, FBT, Functional testing, Box build, Integration, ESS test, Wiring Harness and conformal coating
- Parylene coating system will be implemented in few months.
- AS9100 and **Nadcap** certified .
- Employs Highly skilled work force certified to IPC standards and that addresses electronics obsolescence throughout products 'Life Cycle'

DISTRIBUTION OF COMPONENTS

- Authorized distributor for Electronic and Electromechanical Component for Aerospace, Defense and Space customers.
- AS9120 certified

ADI Electronics Manufacturing Technologies Pvt Ltd

Sy No 10/1A Whitefield Road Hoody K.R Puram Hobli Bangalore - 560 048
Phone - +91 80 4094 7849, info@adi-emt.com

Still Using Battery? Switch to Ultracapacitors!

- ▶ Replace Battery for short power demand
- ▶ Combine & Increase Battery life
- ▶ Longer Life ~ 10 years
- ▶ Quick Charge & Discharge
- ▶ Available in Cell and Module

Available from 2.5V to 160V
