

Introducing Moku:Go

The engineering lab that fits in your backpack.

Two 30 MHz analog inputs • Two 20 MHz analog outputs • 16-Channel digital I/O • 125 MSa/s sampling rate

Featuring 8 powerful instruments

-  Oscilloscope / Voltmeter
-  Logic Analyzer / Pattern Generator
-  PID Controller
-  Arbitrary Waveform Generator
-  Waveform Generator
-  Frequency Response Analyzer
-  Data Logger
-  Spectrum Analyzer
