

Transforming the skill landscape

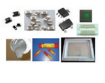

Expand Job Opportunity in Electronics Industry

Standard SMT Training Program with certification

The IPC certification will not help in the SMT process.
The actual working of SMT Production line can only be
covered in YB Techsolution's SMT Training.

SMT E-Training Program

SMT Basics

PCB Handling Equipment

Screen Printing

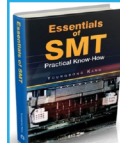

Pick & Place mounting

Reflow Soldering

Training program is designed with 33+ years of extensive experience by an expert from South Korea, Mr. Y. B. Kang
