## Top 25 Chipmakers: YoY Growth-wise

AMD is expected to lead the semiconductor market with sales growth of 65% in 2021 while MediaTek is on track to post revenue gains of 60%, followed by Nvidia and Qualcomm. Combined, these top four growth companies are expected to increase their sales from \$54.8 billion in 2020 to \$85.4 billion in 2021, a surge of 56%. The forecasted combined sales increase of \$30.6 billion by these four companies this year would represent 31% of the \$97.4 billion increase expected for the total worldwide IC market this year.

| 2021F Rank | Company             | Headquarters | 2021/2020 Percent Change |
|------------|---------------------|--------------|--------------------------|
| 1          | AMD (2)             | US           | 65%                      |
| 2          | MediaTek (2)        | Taiwan       | 60%                      |
| 3          | Nvidia (2)          | US           | 54%                      |
| 4          | Qualcomm (2)        | US           | 51%                      |
| 5          | SMIC (1)            | China        | 39%                      |
| 6          | SK Hynix            | South Korea  | 38%                      |

## India's Wearables Market Witnesses Record Quarter Growth

(Shipments are in Thousands of Units)

India's wearables market grew by 93.8% year-over-year in 3Q21 shipping 23.8 million units. Watches continue to be the fastest-growing category with 4.3 million shipments in 3Q21, while wristbands saw a seventh consecutive quarter of annual decline. The earwear category that includes TWS, neckbands, and wireless over-the-ear headphones, clocked 18.7 million units with an impressive 77.9% YoY growth in 3Q21.

| Product Category | 3Q 21 Shipments | 3Q 20 Shipments | 3Q 19 Shipments | Y-o-Y Unit Change (3Q 21 vs 3Q 20) |
|------------------|-----------------|-----------------|-----------------|------------------------------------|
| Earwear          | 18,738          | 10,532          | 2,787           | 77.9%                              |
| Wrist Band       | 738             | 966             | 1,206           | -23.6%                             |
| Watch            | 4,308           | 774             | 354             | 456.3%                             |
| <b>Total</b>     | <b>23,783</b>   | <b>12,272</b>   | <b>4,447</b>    | <b>93.8%</b>                       |
