

Companies selected to receive PLI for telecom products

The government of India has released the list of 31 companies that have qualified for the PLI for telecom and networking products manufacturing in India. The list comprises sixteen MSMEs, eight large domestic companies, and seven global companies. The applicants are expected to invest 33.45 billion rupees in the next four years and generate incremental employment for more than 40,000 people with an expected incremental production of around 1,820 billion rupees over the scheme period. The scheme is expected to boost domestic R&D of new products on which 15% of the committed investment could be invested.

PEOPLE (on the move)

Dr Anand Agarwal stepping down as STL's CEO

STL announced that Dr Anand Agarwal will be stepping down as CEO and Director of the company, with effect from 2nd December 2021, to pursue his personal interests.
